

# DIAMOND PLAN BENEFITS 2006

The Afrox Medical Aid Society pays benefits with annual limits per family. Benefits are calculated on a pro rata basis from the date of admission to the end of that benefit year.

**NB:** Cost represents a maximum of MASA, DASA and other maximum price recommendations. Recommended tariff represents scale of benefits or the recommended BHF tariff. Only claims from registered practitioners will be met subject to the rules of the Society. A co-payment of R1 500 will be payable by the member for hospitalisation in a facility other than the preferred provider (hospital network).

BENEFITS	RATE	LIMITS/MAXIMUM
